BRANDS WE LOVE

GET A QUOTE

To receive a quote for custom screen printing, embroidery, or other services from Ellison, please complete as much of the form as you can.

We try our best to turn around quotes within 24 hours.

Standard production time is 7–10 business days from the time that artwork is approved, not including outbound shipping.

WE'D LOVE TO TALK.

Sometimes a phone call is worth 20 emails. We need to know some basic information about your project before we can provide you with a quote.

Please keep in mind

- if you have a reorder or new design
- if you have a deadline
- which garments you want
- the approximate quantity, colors, and sizes desired (adult or youth)
- if you already have artwork or need us to create it.
- the number of locations to be imprinted and the number of colors (for screenprint)

We don't mind shopping for you if you know only that you want a hooded sweatshirt, basic t-shirt, or fleece zip-up, for example, and blank samples can be provided at a rate that is credited when used for your order.

Send an email to info@ellisonadvertising.com or give us a call at 503.236.8400 and we will provide the information you need to get started.

For screen printing, pricing is determined by how many colors and locations you want to print as well as the total quantity and color of your garment. New screens are created and the item is run through separately for each color. Once jobs are set up they are easy to run, so large runs cost much less per piece than smaller runs. Dark colored garments require an initial underlayer of ink that will cost more than printing on light colored garments. Screen setup fees for new designs or reset fees for old ones will apply if we no longer have screens for your project. Special inks like gold foil incur extra charges.

If you are interested in embroidery, the price per piece depends upon the stitch count of your design. Larger, more intricate designs take longer, require more thread, and will cost more. Your design is digitized into a format that our machines can read, and this digitizing process determines the stitch count. Again, larger runs require less setup and cost less per piece than smaller runs. There is a base fee for digitizing that can increase with

TURNAROUND TIME

Our current production timeline is 7–10 business days from the time that order details are provided and artwork is approved, not including shipping. We frequently finish orders ahead of schedule and have the capacity to meet rush deadlines. Let us know when your order is due and we will deliver. Rush charges apply when orders are expected within 6 days or sooner, and will be 25% of the total invoice for a 4–6 day rush, 50% for 3 days, 75% for 2 days, and 100% for 1 day.

ARTWORK

Print-ready artwork should be submitted at 300 ppi or in vector format at the desired output size. If applicable, call out any PMS colors and convert text to outlines. Don't worry if you don't know what any of that means! We have an art department happy to work with you to turn your dreams or doodles into custom artwork or recreate your design into a print-ready file.

PROOF APPROVAL

Before your project heads off to the print shop or embroidery studio, we will provide a digital proof to simulate the size, location, and colors of the final product. Please look over your proof carefully as this is the last chance to catch any mistakes. Keep in mind that while we do not typically have problems in this area, no two monitors display colors exactly the same, and your final proof approval serves as acceptance of your complete order. A physical proof can also be provided before full production begins, at an additional cost.

SOCIAL MEDIA

We're social and we love to share the work that we do. Occasionally we feature finished client projects via various social media channels. Let us know if you would like to opt out.

MINIMUMS

We prefer to keep minimums to 12 pieces per design, but realize that unique opportunities arise. While we make every effort to meet your needs, our shop minimum fee may apply. Let us know the details of your project and we will provide you with the information you'll need to move forward with your order.

DAMAGE ALLOWANCE

We aim for perfection, but sometimes mistakes are made. Our damage allowance is 3% of the total order on customer provided items. Of course, we will not bill you for any damaged items, but it's a good idea to get extras.

SAMPLES

We can order blank sample apparel if you want to look at a specific garment before committing to an order. Unused samples may be returned to Ellison within 7 business days for refund. Outbound shipping and restocking charges may apply for unwanted items. You are also welcome to keep the samples as blanks or bring them in for decoration to be applied to your order. Size charts are available.

PAYMENT

New customers are asked to pay when order details are finalized. Returning customers may pay upon receiving an order. Credit card payments are subject to a 3% transaction fee. A 3% late charge is applied to all unpaid balances after 30 days. There is a \$25 fee for returned checks.

GARMENT CARE

We recommend washing the garment inside out in cold water. Tumble dry on low heat or according to manufacturer's instructions. Following these instructions ensures the best longevity of your custom decorated garment.

BUILD YOUR BRAND

ABOUT US

Ellison is proud to remain a family owned and operated business since we opened our doors in 1955. We do all our custom screen printing and embroidery in-house right here in Portland, Oregon. We are your one stop shop for custom apparel, print, and promotional products. We have come a long way from those early days providing custom tidal calendars to our clients in the small communities around Coos Bay, but have always retained our customer focus. Our team aims to provide the kind of attention to detail that exceeds the expectations of all of our customers. We are just as happy to produce thousands of screen printed t-shirts for our national clients as one custom embroidered work shirt for the construction company down the street. We'd be happy to partner with you too.

TESTIMONIALS

Many of our customers have used our custom screen printing and embroidery services for years. After experiencing Ellison's commitment to quality and customer service, they won't use anyone else. We love getting great feedback from happy customers.

MADE YOU SMILE

Amazing embroidery!

Portland's High Rollers roller derby team has been having our jackets done for years by these guys. Amazing embroidery!

Recommend Ellison Wholeheartedly

Ellison has been the home for Recesstime's t-shirt and promotional printing and embroidery for over 10 years. They provide quality products with exceptional customer service. Their staff is eager to assist with all of our orders, large or small, they always meet (or beat) our deadline often with a quick turnaround. I recommend them to everyone as the best place for anyone's printing or embroidery needs!

Easy Orders

We often assign purchasing responsibility for promotional apparel to our less experienced staff members. We tried this with our former supplier but it proved to be a formula for disaster. About 8 years ago after having no t-shirts or jackets for our Portland trade show a friend suggested we try Ellison Advertising next time.

Since then we have worked exclusively with Ellison Advertising. Regardless of our staff person's experience (or lack of) the professionals at Ellison Advertising know how to expertly walk our person through the steps to get our order done correctly...and on time!

Once they determined the nature of our event, they recommend custom shirts that meet our needs while staying within our budget.

Great Customer Service

I wanted to thank Ellison for their great customer service and great job on all of our orders of shirts, button downs and jackets.

I've learned that great customer service is hard to come by. Brianna was so patient with me when I asked question after question and even more questions on different pricing options.

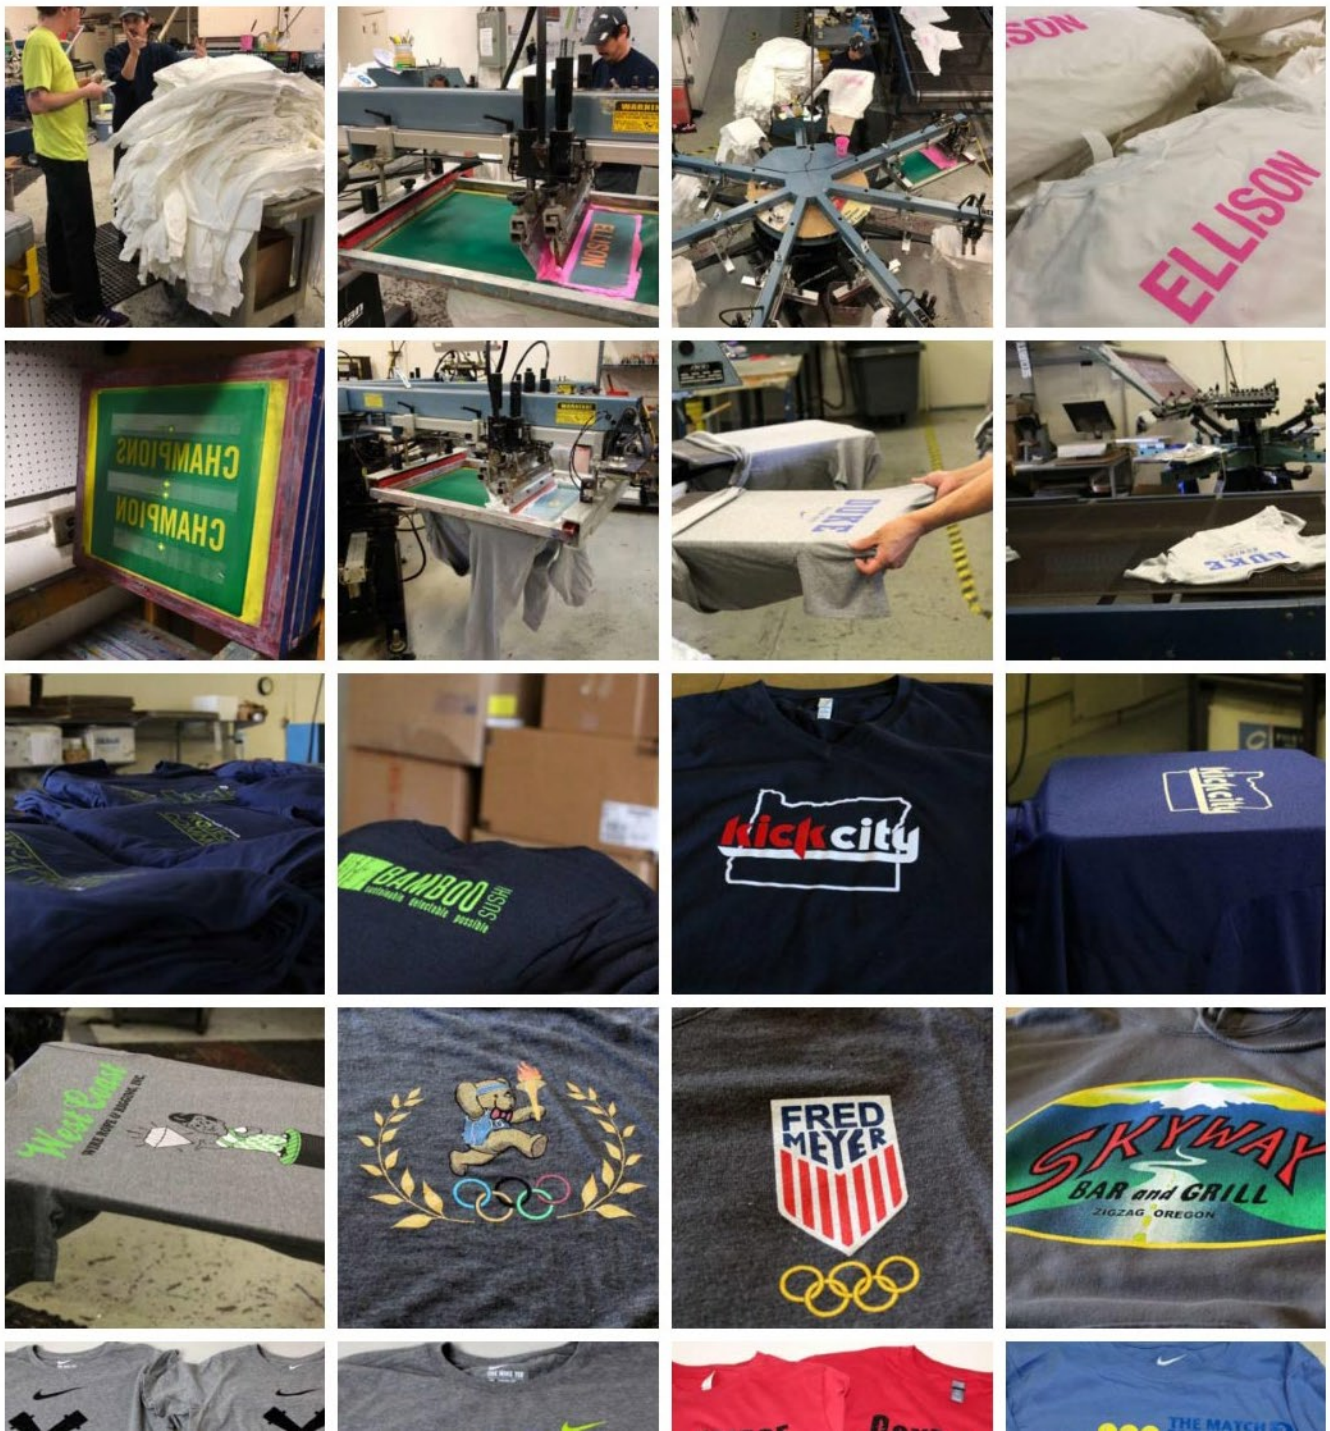

SCREEN PRINTING

Our custom screen printing services are incredibly flexible. For orders of 12 or 12,000, from t-shirts to hoodies and bags, we have the experience to take care of each client's unique needs. We can even apply your design to performance fabrics using heat press transfers. Our highly-skilled production staff handles our screen printing in-house, maintaining quality as our number one priority.

We know you will be impressed with our attention to detail and the quality of our prints.

QUALITY COUNTS

EMBROIDERY

We offer custom embroidery for everything from polo shirts to fleece blankets, caps, and beanies, for corporate clients and the mom-and-pop shops in the neighborhood. If we can fit a hoop around it, we can embroider it. We have hundreds of thread colors in stock and we love to find the perfect match to make your design stand out. Our shop consistently delivers top quality results. We pride ourselves on your satisfaction.
